

SAINT MARY'S UNIVERSITY

BAYOMBONG, NUEVA VIZCAYA, PHILIPPINES

OFFICE OF THE DEAN OF STUDENT AFFAIRS AND SERVICES

Saint Mary's University (SMU), located in Bayombong, Nueva Vizcaya, is a private Catholic university founded in 1928 by the Congregation of the Immaculate Heart of Mary (CICM). Over the years, it has evolved into a comprehensive institution that offers a wide array of tertiary programs. For students engaged in work placements, the university's structure and educational focus across its four tertiary schools provide a solid foundation and relevant opportunities.

SMU has been recognized as a Center of Excellence in Teacher Education and a Center of Development in IT and Civil Engineering (Insert COE Certifications). This recognition indicates that the programs are designed to meet professional standards and prepare students for the real world. With a diverse range of programs, students from various disciplines have placement opportunities across multiple sectors, including education, business, health, science, and technology.

The university's mission emphasizes holistic development, community engagement, and service, aligning with the expectations of many work placement programs (Insert Web Page with Vision and Mission). This approach values not only technical skills but also ethical, social, and reflective practices. Being located in the Cagayan Valley region, SMU can provide local and regional placement opportunities, which can benefit students who prefer to work close to home while gaining valuable experience. It has also provided international placements to students.

The university also has administrative offices like the Alumni Affairs Office and Guidance Testing Office (Insert FB Pages) that help with the work placements of students.

The following are the tertiary departments that have programs for student work placements:

1. **School of Teacher Education and Humanities (STEH):** This school is recognized for its strong programs in teacher education and the humanities. It prepares students for real-world placements in schools, legal firms, the community, governmental units, and other offices.
2. **School of Accountancy and Business (SAB):** This school offers programs in business, accounting, and management. Students may find work placements in firms, corporate finance settings, entrepreneurship projects, or business establishments.
3. **School of Health and Natural Sciences (SHaNS):** This school encompasses health sciences and natural science disciplines, providing students with access to hospitals, laboratories, healthcare institutions, and community health outreach initiatives.
4. **School of Engineering, Architecture, and Information Technology (SEAIT):** This school focuses on engineering, architecture, information technology, and related technical fields. Work placements may involve design offices, construction firms, and IT companies.
