EVIDENCES 15.2.5

1. SMU holds special seminar on ecotourism and farm tourism.
(https://smu.edu.ph/smu-holds-special-seminar-on-ecotourism-and-farm-tourism/?utm_source=chatgpt.com **)**

On February 27, 2025, the Community Extension and Indigenous People's Study Center and the School of Accountancy and Business – Hospitality and Tourism Management

Department hosted an insightful seminar featuring Dr. Rogelio T. Andrada II, a Professor at the University of the Philippines Los Baños – Institute of Renewable Natural Resources and the College of Forestry and Natural Resources. The seminar offered students a comprehensive look into ecotourism and farm tourism, with a special focus on the Farm Tourism Act of 2016.

Prof. Andrada's lecture delved into the core concepts of ecotourism, emphasizing its importance in promoting sustainability. He highlighted the relationship between ecotourism and environmental preservation, drawing comparisons with other forms of tourism, including mass tourism, alternative tourism, and nature-based tourism.

A key segment of the discussion was dedicated to Republic Act 10816, outlining the strategic action plan for farm tourism in alignment with the Philippine Constitution. Through this, Prof. Andrada provided attendees with a clearer understanding of how the Act supports the development of farm tourism as a sustainable and economically viable industry.

The seminar not only deepened the students' knowledge of ecotourism but also inspired further discussions on the role of responsible tourism in safeguarding the environment while benefiting local communities.

It is a manifestation of the Hospitality and Tourism contribution to the attainment of the UN Tourism's Sustainable Development Goals: SDG 4 Quality Education, SDG 8 Decent Work and Economic Growth, SDG 11 Sustainable Cities and Communities.

2. Adopt-a-Tourist Site Project – Community Outreach Project Dedicated to Maintaining Tourism Sites

Narrative/Documentation Report

Project Title:	Adopt a Tourist Site: Clean-up Drive and Assessment
Date:	October 19, 2024
Time:	0700H-1200H
Team Composition:	
Lead Organizer:	Mr. Neil Aldrin. S. Cacal, CGSP
Project Staff/Members:	Mr. Mark Ian J. Soriano, CGSP, MSTM, Mr. John Michael C. Ibarra, CGSP, CHP, MSHRM, Mrs. Gayle R. Mercado, Tourism Management 2, Tourism Management 4 and Junior Tourism and Hospitality Management Association of the Philippines- Saint Mary's University Chapter

Narrative

Objectives of the activity:

To assess the site using the DOT Assessment Form and plan for its sustainable development. In Addition, to conduct a clean-up drive on the site during the visit.

Narrative:

The project, "Adopt a Tourist Site: Clean-up Drive and Assessment," was organized to promote environmental stewardship and community engagement by cleaning up Our Lady of Victory and Calvary Hill or also known as Mangekelleb Hill, a local tourist spot in Barangay Ibung, Villaverde. This drive supports the program's goal of fostering eco-friendly tourism and preserving natural attractions. Before departing for Mangkelleb, the entire class of TM2 and TM4, together with their class advisers and JTHMAP-SMU officers, gathered at 7:00 AM for instructions, followed by a prayer led by Mr. John Michael C. Ibarra asking for guidance and safety throughout the activity.

At 8:30 AM, the team departed for the site, utilizing five jeepneys as transportation. Upon arrival at Mangkelleb, the group took class photos to document the event. Participants were then divided into smaller groups, and each was assigned to a specific area of Mangkelleb to clean, ensuring thorough site coverage. After cleaning the designated areas, the team took a short break to rest and enjoy the provided snacks around 10:30 AM. While having the snacks, the TM4 students were tasked to do the TRA or Tourism Rapid Assessment of the Site.

The Adopt-a-Tourist Site: Clean-up Drive and Assessment project aimed to achieve several objectives. It focused on improving the cleanliness and overall appearance of the Mangkelleb site to make it more attractive to visitors and tourists. Additionally, the project sought to evaluate and assess the environmental effects of tourism in the area while providing recommendations for better site maintenance. Furthermore, it emphasized the importance of proper monitoring by the officers of JTHMAP-SMU and those in charge of the area, encouraging them to support sustainable tourism practices actively.

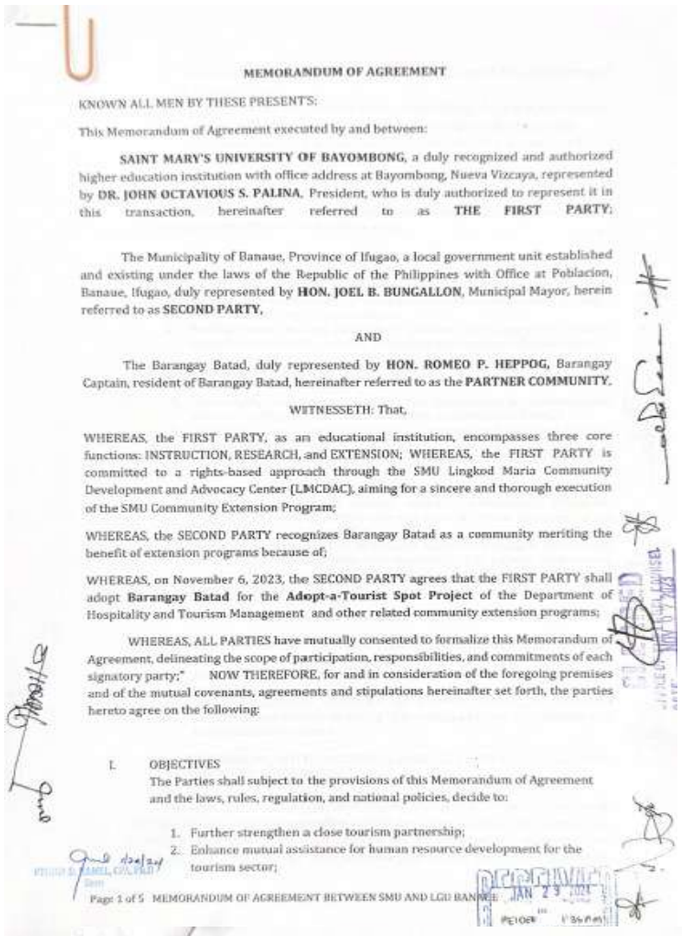

Lastly, it aimed to inspire others to take responsibility for preserving the site for future generations. Furthermore, snacks and transportation were provided as part of the event. Attendance rules required participants to bring cleaning materials, and signed waivers were also necessary to join the activity. After the clean-up, the team performed an environmental assessment to identify areas needing further attention and recorded recommendations for future upkeep.

Documentation	
	
Before heading to Mangkelleb Hill Grotto, Mr. John Michael Ibbara the HTM Department Head led in a heartfelt prayer, followed by brief instructions about the activity "Adopt a Tourist Site: Clean-up Drive and Assessment"	*After the prayer and instructions, a brief photo op before departing to the Mangkelleb Hill Grotto.*
	
An estimated 30 minutes travel from Saint Mary's University to Villaverde, finally arrived at Mangkelleb Hill Grotto, each group has given a photo opportunity before hiking up to the hill and be ready for cleaning	*After a quick hike, each group assigned themselves on what part will they clean and get their cleaning materials to start their clean up drive at Mangkelleb Hill Grotto*

	
The second year Sustainable Development class, JTHMAP-SMU Officers and Fourth year students enrolled in Eco Tourism collaborate and help each other to clean the surroundings of Mangkelleb Hill Grotto for them to achieve the objective of the event	*The second-year tourism student carrying their snacks for this clean up drive which will help them gain strength for this tiring yet fulfilling adopt a tourism site activity.*

Prepared by:	*Miss Duran, Erika Giselle* *Mr. Neil Aldrin S. Cacal, CGSP*
Checked by:	*Mr. John Michael C. Ibarra*
Date Submitted:	*October 20, 2024*

Memorandum of Agreement - Adopt a Tourist Site: Clean-up Drive and Assessment

MEMORANDUM OF AGREEMENT

KNOWN ALL MEN BY THESE PRESENT'S:

This Memorandum of Agreement executed by and between:

SAINT MARY'S UNIVERSITY OF BAYOMBONG, a duly recognized and authorized higher education institution with office address at Bayombong, Nueva Vizcaya, represented by **DR. JOHN OCTAVIOUS S. PALINA**, President, who is duly authorized to represent it in this transaction, hereinafter referred to as **THE FIRST PARTY**;

The Municipality of Banaue, Province of Ifugao, a local government unit established and existing under the laws of the Republic of the Philippines with Office at Poblacion, Banaue, Ifugao, duly represented by **HON. JOEL B. BUNGALLON**, Municipal Mayor, herein referred to as **SECOND PARTY**,

AND

The Barangay Batad, duly represented by **HON. ROMEO P. HEPPOG,** Barangay Captain, resident of Barangay Batad, hereinafter referred to as the **PARTNER COMMUNITY**.

WITNESSETH: That,

WHEREAS, the FIRST PARTY, as an educational institution, encompasses three core functions: INSTRUCTION, RESEARCH, and EXTENSION; WHEREAS, the FIRST PARTY is committed to a rights-based approach through the SMU Lingkod Maria Community Development and Advocacy Center (LMCDAC), aiming for a sincere and thorough execution of the SMU Community Extension Program;

WHEREAS, the SECOND PARTY recognizes Barangay Batad as a community meriting the benefit of extension programs because of;

WHEREAS, on November 6, 2023, the SECOND PARTY agrees that the FIRST PARTY shall adopt **Barangay Batad** for the **Adopt-a-Tourist Spot Project** of the Department of Hospitality and Tourism Management and other related community extension programs;

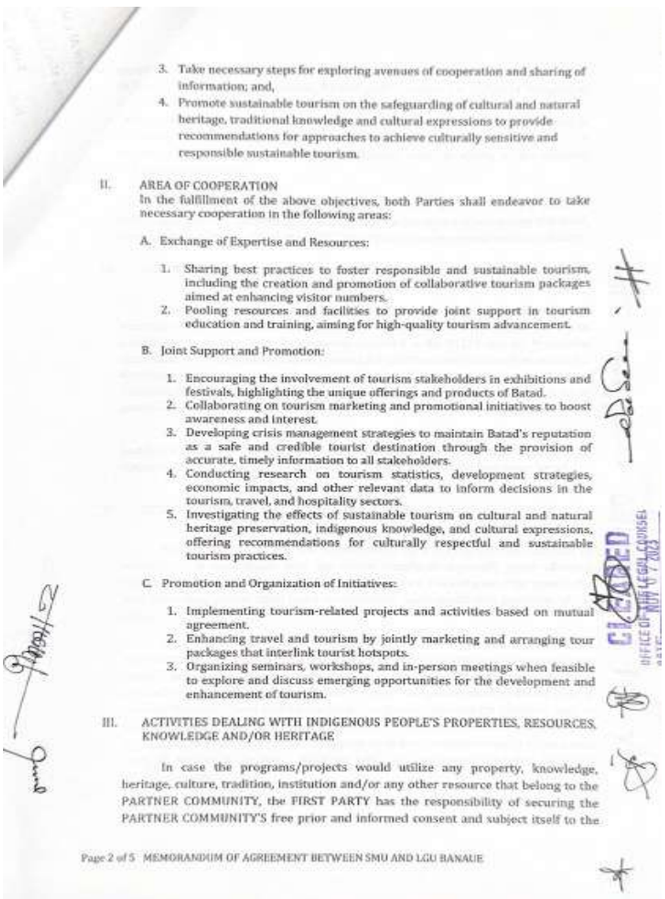

WHEREAS, ALL PARTIES have mutually consented to formalize this Memorandum of Agreement, delineating the scope of participation, responsibilities, and commitments of each signatory party;" NOW THEREFORE, for and in consideration of the foregoing premises and of the mutual covenants, agreements and stipulations hereinafter set forth, the parties hereto agree on the following:

I. OBJECTIVES

The Parties shall subject to the provisions of this Memorandum of Agreement and the laws, rules, regulation, and national policies, decide to:

1. Further strengthen a close tourism partnership;
2. Enhance mutual assistance for human resource development for the tourism sector;

Page 1 of 5 MEMORANDUM OF AGREEMENT BETWEEN SMU AND LGU BANAUE

3. Take necessary steps for exploring avenues of cooperation and sharing of information; and,
4. Promote sustainable tourism on the safeguarding of cultural and natural heritage, traditional knowledge and cultural expressions to provide recommendations for approaches to achieve culturally sensitive and responsible sustainable tourism.

II. AREA OF COOPERATION

In the fulfillment of the above objectives, both Parties shall endeavor to take necessary cooperation in the following areas:

A. Exchange of Expertise and Resources:

1. Sharing best practices to foster responsible and sustainable tourism, including the creation and promotion of collaborative tourism packages aimed at enhancing visitor numbers.
2. Pooling resources and facilities to provide joint support in tourism education and training, aiming for high-quality tourism advancement.

B. Joint Support and Promotion:

1. Encouraging the involvement of tourism stakeholders in exhibitions and festivals, highlighting the unique offerings and products of Batad.
2. Collaborating on tourism marketing and promotional initiatives to boost awareness and interest.
3. Developing crisis management strategies to maintain Batad's reputation as a safe and credible tourist destination through the provision of accurate, timely information to all stakeholders.
4. Conducting research on tourism statistics, development strategies, economic impacts, and other relevant data to inform decisions in the tourism, travel, and hospitality sectors.
5. Investigating the effects of sustainable tourism on cultural and natural heritage preservation, indigenous knowledge, and cultural expressions, offering recommendations for culturally respectful and sustainable tourism practices.

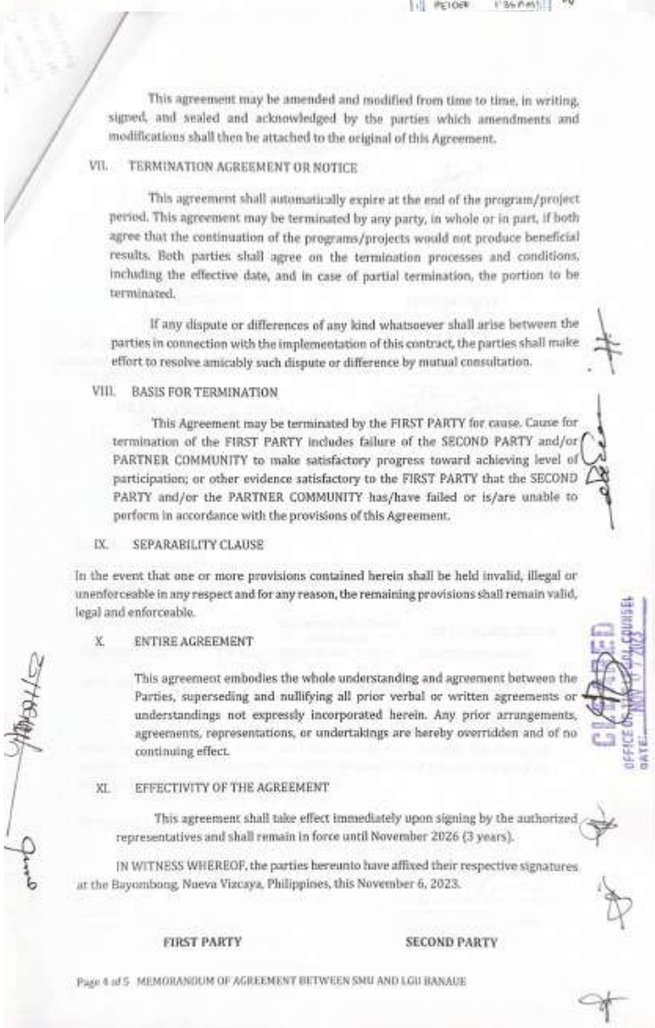

C. Promotion and Organization of Initiatives:

1. Implementing tourism-related projects and activities based on mutual agreement.
2. Enhancing travel and tourism by jointly marketing and arranging tour packages that interlink tourist hotspots.
3. Organizing seminars, workshops, and in-person meetings when feasible to explore and discuss emerging opportunities for the development and enhancement of tourism.

III. ACTIVITIES DEALING WITH INDIGENOUS PEOPLE'S PROPERTIES, RESOURCES, KNOWLEDGE AND/OR HERITAGE

In case the programs/projects would utilize any property, knowledge, heritage, culture, tradition, institution and/or any other resource that belong to the PARTNER COMMUNITY, the FIRST PARTY has the responsibility of securing the PARTNER COMMUNITY'S free prior and informed consent and subject itself to the

Page 2 of 5 MEMORANDUM OF AGREEMENT BETWEEN SMU AND LGU BANAUE

This agreement may be amended and modified from time to time, in writing, signed, and sealed and acknowledged by the parties which amendments and modifications shall then be attached to the original of this Agreement.

VII. TERMINATION AGREEMENT OR NOTICE

This agreement shall automatically expire at the end of the program/project period. This agreement may be terminated by any party, in whole or in part, if both agree that the continuation of the programs/projects would not produce beneficial results. Both parties shall agree on the termination processes and conditions, including the effective date, and in case of partial termination, the portion to be terminated.

If any dispute or differences of any kind whatsoever shall arise between the parties in connection with the implementation of this contract, the parties shall make effort to resolve amicably such dispute or difference by mutual consultation.

VIII. BASIS FOR TERMINATION

This Agreement may be terminated by the FIRST PARTY for cause. Cause for termination of the FIRST PARTY includes failure of the SECOND PARTY and/or PARTNER COMMUNITY to make satisfactory progress toward achieving level of participation; or other evidence satisfactory to the FIRST PARTY that the SECOND PARTY and/or the PARTNER COMMUNITY has/have failed or is/are unable to perform in accordance with the provisions of this Agreement.

IX. SEPARABILITY CLAUSE

In the event that one or more provisions contained herein shall be held invalid, illegal or unenforceable in any respect and for any reason, the remaining provisions shall remain valid, legal and enforceable.

X. ENTIRE AGREEMENT

This agreement embodies the whole understanding and agreement between the Parties, superseding and nullifying all prior verbal or written agreements or understandings not expressly incorporated herein. Any prior arrangements, agreements, representations, or undertakings are hereby overridden and of no continuing effect.

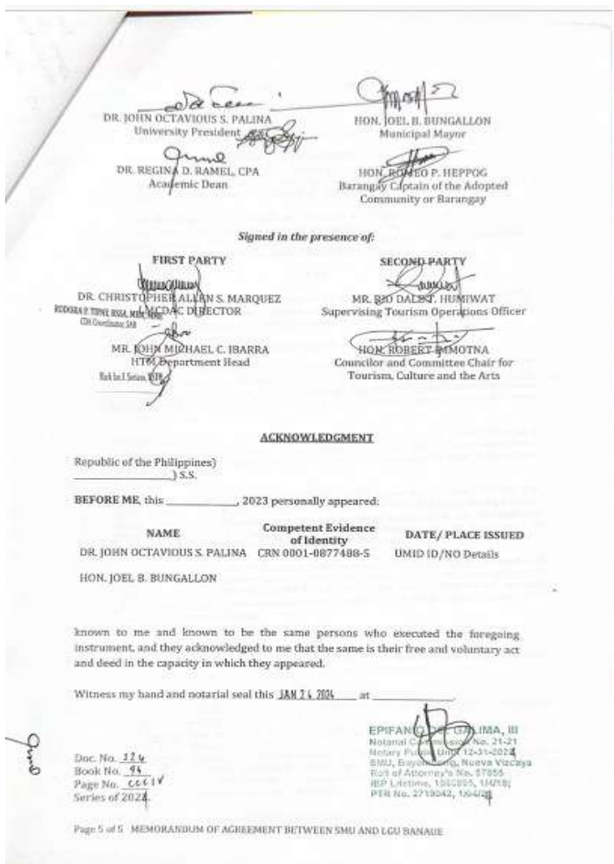

XI. EFFECTIVITY OF THE AGREEMENT

This agreement shall take effect immediately upon signing by the authorized representatives and shall remain in force until November 2026 (3 years).

IN WITNESS WHEREOF, the parties hereunto have affixed their respective signatures at the Bayombong, Nueva Vizcaya, Philippines, this November 6, 2023.

3. South Intensive Program

NARRATIVE REPORT

SDG: 4, 13 ,15

Title of Activity: South Intensive Program

Date/Time: February 10-21, 2025

Venue: NVSU-Bayombong, SMU, & ISU-Echague

Organizers: NVSU, SMU, ISU-Echague, Howest University, & VIVES University

Objectives: To foster interdisciplinary learning and international collaboration among students and faculty by equipping them with knowledge and practical skills in sustainable agriculture, climate change adaptation, and entrepreneurship, while promoting cultural exchange and global academic partnerships.

Participants:

1. Shemaiah Josh Misanes (BS Bio 2)
2. Jon Raven Tambo (BS Bio 1)

A. Highlights of the Activity:

Saint Mary's University (SMU) proudly served as one of the host institutions for the South Intensive Program (SIP) 2025, a dynamic academic and cultural exchange initiative that brought together 96 faculty coaches, facilitators, and students from partner universities in the Philippines and Belgium. Running from February 10 to 21, 2025, the program featured a range of interdisciplinary activities across three campuses: SMU and Nueva Vizcaya State University (Bayombong), and Isabela State University–Echague.

This year's SIP included participants from two Belgian institutions—Howest University of Applied Sciences and Vives University of Applied Sciences—and six Philippine higher education institutions: Saint Mary's University, Isabela State University, Central Bicol State University of Agriculture, Bicol University, and Camarines Norte State College.

The program culminated on February 21 at the Climate Change Center, ISU-Echague, with a case presentation on Agri-tourism farms. The presenting team featured international and local student participants: Lise De Vuyst (Howest), Michael De Turck (Vives), Angelica Socito (CBSUA), Jhoanna Joy Aquino (Bicol University), and BS Biology student Jon Raven Tambo from SMU. Their work was guided by mentors Engr. Jefrie Alindayu (SMU) and Francis Loberanes (CBSUA), whose mentorship played a vital role in their success.

The South Intensive Program serves as a platform for global collaboration, focusing on sustainable agriculture, climate change, and entrepreneurship. It not only enhances academic engagement but also fosters cross-cultural understanding, innovation, and leadership among the next generation of global changemakers.

Co-convenors:

MESSAGE

I am elated to extend my warm greeting to the organizers of the Fourth International Conference on Cultural Studies on February 26-28, 2025. It is with your chosen theme. "From Tradition to Innovation: Indigenous Solutions for Global Challenges", that reflects the overview of this affair.

We laud the partnership of the University of the Philippines Los Baños, World Wildlife Fund-Philippines and Saint Mary's University for spearheading this milestone that aims to foster collaboration to ensure natural resource protection and sustainable management. Moreover, its notable intention of bringing together academicians and researches who worked on studies related to indigenous peoples and biodiversity is worthy of emulation.

The province of Nueva Vizcaya being the melting pot of cultural diversity and home to the various ethno-linguistic tribes of Northern Luzon, play a vital role in natural and historical preservation. We value the importance of our indigenous people who contribute enormously to the rich heritage of our province. Furthermore, this undertaking shall not only strengthen the preservation of the cultural heritage and ecosystems for the Kalanguya-Ikalahan ancestral domain but also all other tribes that co-exist with them.

In our consistent call for unity and cooperation among our peoples, we recognize the role of the IP community in the preservation of our natural haven through the efficient and effective management of their respective ancestral domains. They likewise contribute to the progressive growth and development of our province as part of the legislature given their representations in our local legislative bodies from the provincial, municipal and barangay levels, respectively.

As we continue to strive to preserve the roots and traditions of our ancestors, the provincial government shall always do its part in promoting and preserving the cultural heritage of Nueva Vizcaya. We shall always be supportive to avenues like this that shall pave the way in recognizing the invaluable contributions of all the stakeholders in the academe and our indigenous cultural communities.

On behalf of the provincial government, along with my family, I join you wishing the successful and productive conduct of the Fourth International Conference on Cultural Studies!

WWF

Co-convenors:

MESSAGE

We are delighted to welcome our plenary and keynote speakers, presenters, and participants of the Fourth International Conference on Cultural Studies at Saint Mary's University, Philippines, in partnership with the University of the Philippines, Los Banos, World Wide Fund for Nature-Philippines, and ASEAN Center for Biodiversity and with Saint Louis University, University of Saint Louis Tuguegarao, Saint Louis College, and Holy Name University-Bohol as co-convenors.

This year's conference features an impressive line-up of national and international speakers with backgrounds in Indigenous youth leadership and research, historical museums, and biodiversity conservation. On the other hand, the research presenters will discuss interesting topics such as biodiversity studies, landscape studies, social geography, literary/language studies, education, Indigenous studies, and vernacular architecture.

The theme "From Tradition to Innovation: Indigenous Solutions for Global Challenges" speaks about the worldwide clamor for solutions to various local and global concerns on biodiversity conservation. The conservation of biodiversity has become more important and urgent than ever before. Recent studies indicate that the natural world already lacks biodiversity because of overexploitation of resources like agricultural land, wildlife, and water; habitat destruction; and pollution. As a result, the world has seen devastating effects such as global warming and, to a broader extent, climate change.

In one of its latest feature stories, the United Nations Development Programme (UNDP) highlighted the importance of Indigenous knowledge in the fight against climate change, which may lead to biodiversity, citing the following reasons: Indigenous peoples are custodians of unique knowledge and practices emphasizing the balance between humans and the natural world, and many Indigenous traditional practices offer effective climate solutions, sustainable agriculture systems and climate-resilient water management.

In contrast, a recent study conducted by researchers at the Institute of Environmental Science and Technology at the Universitat Autonoma de Barcelona in collaboration with a broad group of researchers, practitioners, and Indigenous Peoples' representatives, questions the scientific validity of the long-term repeated claim that 80% of the world's biodiversity is found in Indigenous Peoples' territories.

These studies highlight conflicting empirical results and show that indigenous solutions to a global challenge, such as conserving biodiversity or climate change, are topics that trigger meaningful discussions among scholars. Aside from these topics, presentations that touch on Indigenous youth leadership, language, and historical museums, among others, may also provide valuable insights for future research. Through the presentations, I hope we can have productive exchanges of ideas about managing our ecosystems and natural habitats well and that your participation will also lead to conducting joint research projects with other participants on various topics that will be discussed.

We thank our partners, keynote speakers, participants, and organizers for making this conference possible. For our onsite attendees visiting the Philippines and our university for the first time, I hope you will enjoy your stay on our campus and the naturally vibrant province of Nueva Vizcaya. I am certain that the immersion activity on the second day is a well-established site in the province dedicated to biodiversity conservation will add a fun and meaningful learning experience for everyone.

Please enjoy and make the most of the conference. Thank you everyone for taking part!

MESSAGE

On behalf of the University of the Philippines Los Baños (UPLB), I extend our warmest congratulations to Saint Mary's University, Bayombong, Nueva Vizcaya, on the successful conduct of the Fourth International Conference on Cultural Studies (FICCS). With the inspiring theme, "From Tradition to Innovation: Indigenous Solutions for Global Challenges," this conference underscores the indispensable role of indigenous knowledge and biodiversity conservation in addressing pressing global concerns.

We applaud your efforts in bringing together distinguished academicians, researchers, and stakeholders who share a commitment to preserving cultural heritage and protecting the environment. By highlighting the *Kalanguya-Ikalahan* ancestral domain and integrating traditional wisdom into modern frameworks, you are setting a powerful precedent for sustainable management of natural resources. Through the workshop sessions, participants will foster a collaborative spirit—one that ensures local communities are not only heard but also actively engaged in shaping solutions that safeguard our ecosystems. Meanwhile, the stakeholders' consultation further reinforces this shared vision by offering a platform for future collaborative research projects aimed at preserving both cultural heritage and biodiversity.

UPLB is proud to co-organize this endeavor alongside the World Wide Fund For Nature Philippines and the ASEAN Centre for Biodiversity. We remain steadfast in our commitment to advancing science-based strategies and partnerships that nurture inclusive, resilient, and thriving communities. Your collective work to merge time-honored traditions with cutting-edge innovation exemplifies the transformative power of scholarship when it is guided by reverence for cultural identity and respect for ecological balance.

Once again, congratulations on the success of your conference. May you continue to forge meaningful collaborations, foster deeper understanding of indigenous perspectives, and champion the stewardship of our natural heritage for generations to come. We look forward to the lasting impact this gathering will have on the *Kalanguya-Ikalahan* ancestral domain and beyond.

Mabuhay kayong lahat!

MESSAGE

Dear Delegates,

We warmly welcome you to the 4th International Conference on Cultural Studies (FICCS), organized by our partners St. Mary's University and University of the Philippines – Los Baños, and co-presented by WWF-Philippines. This early, we express our gratitude for your presence and participation in this event – and for your pledge to our shared goal to journey *From Tradition to Innovation: Indigenous Solutions for Global Challenges.*

Indigenous communities worldwide have long been guardians of biodiversity, cultivating a deep connection to their lands, waters, and ecosystems. Their traditional knowledge systems embody an inherent understanding of sustainable practices – practices that celebrate the interconnectedness of the needs of human beings and the needs of the environment. *WWF's vision is a future where people live in harmony with nature* and we recognize that this relationship is something that needs to be revisited, honored, and woven not only in our solutions, but also in our ways of work, and in the principles we uphold.

The interconnected issues of climate change and biodiversity loss require systematic responses that challenge us to also confront the structures and power dynamics that prevent inclusive and equitable outcomes. All forms of innovation and collaboration must be explored to be able to respond effectively, meaningfully, and justly. Respecting and protecting indigenous rights is not just a moral imperative but a practical necessity in the pursuit of global environmental sustainability.

As we journey through this conference, may we all be able to reflect on how we can build bridges between science and tradition, between policy and indigenous governance, and how we can ensure that our efforts for environmental protection also ensure that those who live closest to nature, whose homes and livelihoods are at stake, are at the discussions on decisions that impact their lives.

Together Possible,

MESSAGE

The National Commission on Indigenous Peoples (NCIP) expresses its deep appreciation to Saint Mary's University, The University of the Philippines Los Baños, and WWF-Philippines for organizing the Fourth International Conference on Cultural Studies (FICCS). With the theme *"From Tradition to Innovation: Indigenous Solutions for Global Challenges,"* this conference underscores the crucial role of Indigenous Cultural Communities/Indigenous peoples (ICCs/IPs) in shaping sustainable solutions for biodiversity conservation and cultural preservation.

Since time immemorial, ICCs/IPs have been the rightful stewards of their domains, possessing deep knowledge and time-honored practices that promote environmental sustainability and community resilience. The NCIP remains steadfast in protecting and advancing the rights of ICCs/IPs, as enshrined in the Indigenous Peoples Rights Act (IPRA) of 1997 (RA 8371). These include their rights to ancestral domains, self-governance, cultural integrity, and social justice – rights that must be recognized and upheld to ensure their active participation in nation-building and global sustainability efforts.

This conference, particularly through its workshop and stakeholders' consultation, presents an important opportunity for knowledge-sharing and collaborative action. The discussion will not only highlight the invaluable contributions of ICCs/IPs but also pave the way for future research and policy initiatives that respect indigenous traditions and promote sustainable development.

The NCIP stands in solidarity with all stakeholders in fostering genuine partnerships with ICCs/IPs. We call on academic institutions, researchers, policymakers, and civil society to work hand in hand with indigenous cultural communities, ensuring that their voices are heard, their rights are protected, and their contributions are valued in shaping a just, sustainable, and culturally rich future.

MESSAGE

From Tradition to Innovation: Indigenous Solutions to Global Challenges

The intersection of **International Studies and Cultural Studies** provides a powerful lens to understand how indigenous traditions can address contemporary global challenges. The theme **"From Tradition to Innovation: Indigenous Solutions to Global Challenges"** highlights the transformative potential of indigenous knowledge systems in tackling pressing issues such as climate change, sustainable development, and social equity.

For centuries, indigenous communities have developed sustainable ways of living, deeply rooted in ecological balance, communal governance, and holistic worldviews. These traditional practices offer valuable insights into today's crises. For example, indigenous environmental stewardship, such as **permaculture farming, water conservation techniques, and forest management**, aligns with modern sustainability goals. By integrating these age-old practices with contemporary science and technology, we can foster innovative, culturally inclusive solutions.

Furthermore, indigenous conflict-resolution mechanisms, based on consensus-building and restorative justice, provide alternative approaches to peacebuilding and governance. Their wisdom in community-based healthcare, natural medicine, and educational systems also presents new models for social well-being.

However, despite their contributions, indigenous voices are often marginalized. Decolonizing knowledge production and ensuring indigenous participation in policymaking is essential for fostering equitable innovation. Through collaborative research, intercultural dialogue, and policy integration, the global community can benefit from indigenous wisdom while respecting the sovereignty and rights of these communities.

As we move forward, recognizing indigenous solutions as vital contributions rather than historical artifacts is crucial. By **bridging tradition and innovation**, we can create a more sustainable and just world—one that values the depth of ancestral knowledge while embracing the possibilities of modern advancements.

11:06-11:35	Plenary Speaker 4	*Indigenous Wisdom and Innovation: Harnessing Traditions for Biodiversity Conservation* **DR. JAMEL KAUR SINGH** Founder of Consultsingh Pty Ltd Australia
11:36-12:00	Interactive Discussion	
Master of Ceremonies/Moderator: **Prof. Rogelio Andrada II**		
Rapporteur: **Ms. Maye Padilla**		

AFTERNOON	
Parallel Session 1 Sacred Heart Center	
1:30-1:45	**Sharlette Carl M. Castillo, Marvhelle Agatha A. Lagrio, Jennifer D. Lorenzo, Brenda Mae P. Noto, Shalee C. Del Rosario and Samuel B. Damayon** Saint Mary's University, Bayombong, Nueva Vizcaya, Philippines *Preserving Cultural Traditions Among Ifugao Migrants: A Path to Sustainable Local Tourism in Nueva Vizcaya, Philippines*
1:46-2:00	**Christine S. Estioco and Winona Elaine C. Soriano** Saint Louis College, San Fernando City, La Union, Philippines *Bridging Educational Gap: Establishing Transitional Learning Hubs for Students Residing in the Mountainous Areas of Naguilian, La Union*

2:01-2:15	**Niño Randy C. Flores** Saint Louis College, San Fernando City, La Union, Philippines *Integral Ecology as a Transformative Pedagogy for Meaningful Ecological Education*
2:16-2:30	Christian Bosch Taylan, **Athena Franxia Calata, Jireh Grace Dumalanta and Isaan Palattao** University of Saint Louis, Tuguegarao City, Cagayan, Philippines *Beyond The Margins: An Intersectional Analysis on the Participation of Mainstreamed Cultural Communities of Cagayan in Electoral Politics*
2:31-2:45	**Michael T. Tabao** University of Saint Louis, Tuguegarao City, Cagayan, Philippines *Reviving Heritage: Itawet Building Rituals and Sustainable Architecture*
2:46-3:00	**Joefrey M. Almazan** Saint Louis University, Baguio City, Philippines *"Daga mi kataguan mi": Discoursing Laudato Si Towards a More Meaningful Indigenous Theology of Land in the Cordilleras*
3:01-3:15	**Tristan Salagan Baliuag** Central Saint Martins, University of the Arts London, United Kingdom *Developing a Regenerative Design Framework Addressing Techno-Cultural Plastic Use in the Philippines*
3:16-3:30	Interactive Discussion
3:31-3:40	Health Break
3:41-3:55	**Chrystel Mariz R. Gementiza-Dumaluan** Holy Name University, Tagbilaran City, Bohol, Philippines *Dinagjang: An Ethnic Fusion Composition Based on Ati Tribe Practices and Cultural Roots*
3:56-4:10	**Mary Grace A. Jagmis** Western Philippines University, Aborlan, Palawan, Philippines *Paglilikom at Pagdalumat sa mga Katutubong Katawagan ng mga Tagbanua sa Pagsasaka: Batayan sa Paglikha ng Glosaryo*
4:11-4:25	**Fe R. Janiola** Holy Name University, Tagbilaran City, Bohol, Philippines *The Sociocultural Context of the Eskaya Tribe: Preserving Heritage Amid Modern Challenges*

4:26-4:40	**Angelica Marie O. Laqui, Maria Grethel Joy C. Bajarias, Florymae S. Bonior, Nicole G. Lagrido, Desiree Jane A. Anunciado and** Fe N. Conui Carmel Academy, Bohol Association of Catholic Schools, Tagbilaran City Bohol, Philippines Commission on Election, Duuis, Bohol, Philippines Local Government Unit of Loay, Bohol, Philippines IBEX Global Solutions, Inc., Tagbilaran City, Bohol, Philippines Bohol Island State University-Balilihan Campus, Bohol, Philippines Holy Name University, Tagbilaran City, Bohol, Philippines *Traditional Christmas Practices in Antequera, Bohol and Cultural Preservation Mechanisms*
4:41-4:55	**Ernesto Miguel G. Bangayan, Cythe Allysa P. Cordon, Azfirah Keyne B. Guillermo, Vernadette C. Pacquing, Angel Joyce M. Respicio, Sheena Kristina Santos and** Jonalyn P. Santos University of Saint Louis, Tuguegarao City, Cagayan, Philippines *Nutritional Values of Indigenous Food Plants (IFPs) Among Agtas in Gattaran, Cagayan*
4:56-5:10	**Ross Pabinguit Heruela** Divine Word College of Calapan, Calapan City, Oriental Mindoro, Philippines *Research, Community Service, and Positionality: From a Catholic Perspective*
5:11-5:30	Interactive Discussion
Moderator: **Mr. Genuine Joe Abnasan**	

Parallel Session 2
Saint Pedro Calungsod Hall

1:30-1:45	**Romnick Ollero Acena** Saint Louis College, San Fernando City, La Union, Philippines *Understanding the Self Through Kierkegaard's Subjectivity and the Ilocano Concept of Nakem: A Counter-Argument to Hyper-Anthropocentrism*
1:46-2:00	**Romana P. Dulnuan,** Nathaniel A. Aliguyon**, Merlie N. Binay-an, Fermila D. Caullan, Lhea T. Castro, Jenny Grace E. Gumurot** Nueva Vizcaya State University, Bayombong, Nueva Vizcaya, Philippines *Gaddang Rituals and Struggle for Cultural Continuity in Christianized Contemporary Society*

2:01-2:15	**Joseph Bubod and Rosanna G. Sioco** Nueva Vizcaya State University, Bayombong, Nueva Vizcaya *Documenting the Gaddang Courtship Dance and Its Cultural Significance*
2:16-2:30	**Anneke Clauvinia Patriajaya, Iwan Sudradjat, Yohanes Karyadi Kusliansjah** Universitas Katolik Parahyangan, Bandung, Indonesia *Exploring Indigenous Wisdom: Architecture of the Catholic Pilgrimage Marian Grotto at Sendangsono, Kulan Progo*
2:31-2:45	**Jolina May T. Viloria** Saint Louis College, San Fernando City, La Union, Philippines *Ensuring Excellence: Instructional Supervision Practices of Private Sectarian Secondary School Supervisors*
2:46-3:00	**Wilfred F. Cahauatan, Ligaya N. Caranay and Sonio S. Isip** Saint Louis College, San Fernando, La Union, Philippines *Serving the Underserved: Library Resource Assessment Needs of Reading Centers of Adopted barangays of Saint Louis College*
3:01-3:15	**Margie V. Leandro and Maribel L. Tomilas** King's College of the Philippines, Bambang, Nueva Vizcaya, Philippines *Academic and Licensure Examination Performances of Teacher Education Graduates Across Academic Areas*
3:16-3:30	Interactive Discussion
3:31-3:40	Health Break
3:41-3:55	**Benedict Zulueta, Patrick Dayag and Stephanie Lou Paa** University of Saint Louis, Tuguegarao City, Cagayan, Philippines *The Concept of Mental Well-Being Among an Indigenous Community*
3:56-4:10	**Ethel Doria, Rafunzel Bulilawa, Bernarose Cadigal, Fe Conui and Jocelyn Gimal** Holy Name University, Tagbilaran City, Bohol, Philippines *Sta. Cruz Iconography and Focal Points in Prayer*
4:11-4:25	**Ma. Angelica V. Gatchalian, Teresa N. Basatan, Venice Joy M. Ayson, John Carlo S. Buada, Nathalie D. Cuison, Kyla Nicole C. Duran, Maria Irene M. Lansangan, Janine Grace L. Mapalo, Danielle Francheska B. Oroy, Vi-ann Gwyneth L. Ragasa, Eric Angelo B. Subido and Von Daniel B. Wayan** Saint Louis University, Baguio City, Philippines *Lived Experiences of Hospitalized Persons with Visual Disability*

4:26-4:40	**Ethel Soliva-Doria and Maria Luisa L. Arbasto** Holy Name University, Tagbilaran City, Bohol, Philippines University of Bohol, Tagbilaran City, Bohol, Philippines *A Phenomenology of the Learning Journey of Graduates of the Master of Arts in Teaching Filipino in the Province of Bohol*
4:41-4:55	**Julie Anne O. Balagan, Hannah R. Manaligod, Christian Josh F. Panopio, Tobit Justine A. Tumamao, Nieva Portia B. Duria and Jennifer Bangi** University of Saint Louis, Tuguegarao City, Cagayan, Philippines *Prenatal Care Practices of Agta Women in Selected Towns in Cagayan*
4:56-5:10	**Elizabeth H. Bautista, Catalina T. Waking, Jan Michael R. Aquino, Julliene Maxene D. Boadilla, Hojin Choi, Kristelle Camille G. De Jesus, Angelene Zyra P. Gamboa, Keziah C. Lagrosa, Tatiana Gabrielle D. Malsi, Althea Joyce I. Ong, Joana Marie S. Quinto, Christian Johann C. Torres, Dunstein Avery G. Tumapang** Saint Louis University, Baguio City, Philippines *The Effectiveness of Vestibular Stimulation in Reducing Academic Stress Among Student Nurses in School X*
5:11-5:30	*Interactive Discussion*
Moderator: **Dr. Sherylou A. Benig**	
6:00-7:30	Socialization (Dinner) — Sacred Heart Center

DAY 2 — February 27

MORNING
(Attire: Conference Shirt)
Sacred Heart Center

8:00-8:10	Opening Remarks	**MR. DINO LEONCARLO CALDERON** Conference General Co-Chair WWF-Philippines
8:11-8:55	Keynote Speaker	*Current State of Fauna and Flora in ICCs* **DR. ARVIN C. DIESMOS** Director, Biodiversity Information Management ASEAN Center for Biodiversity

8:56-9:25	Plenary Speaker 1	*Cultural Heritage, Biodiversity Conservation: Synergies for Resilient Communities* **DR. PASANG DOLMA SHERPA** Executive Director Center for Indigenous Research and Development Nepal
9:26-9:55	Plenary Speaker 2	*Biodiversity Conservation: The Case of the Lower Magat Eco-Tourism Park* **FOR. ROGER HABOC** Environmental Management Specialist II Provincial Environment and Natural Resources Nueva Vizcaya, Philippines
9:56-10:25	Plenary Speaker 3	*Biodiversity Conservation: The Case of Kalanguya-Ikalahan Ancestral Domain* **FOR. ASAMI B. SEGUNDO** Indigenous Youth Leader, Ikalahan-Kalanguya Nueva Vizcaya, Philippines
10:26-10:35	Health Break	
10:36-10:50	Interactive Discussion

Master of Ceremonies: **Miss Laurice Kaye P. Laguinday**		
HOME SWEET HOME		

Day

February 26,
2025

Prof. Zenaida Baoanan was a recipient of the Fulbright-Philippine Agriculture Advanced Research Grant and Fulbright Occasional Lecturer Fund by the Council for International Exchange of Scholars at University of Utah, Salt Lake City, Utah, USA. She is a Professor at the University of the Philippines Baguio. She has served the institution in various capacities. She was Head of the Biodiversity Resources and Management Program, Graduate Programs Coordinator of the MS Conservation and Restoration Ecology Program, and Member of the Biological and Chemical Waste Management, among many others. Currently, she is the Chair of the Native Plant Committee and Member of the PhD in Indigenous Studies Program. She has been involved in many research projects and patents with UP CIDS, DENR Foreign Assisted and Special Projects Service, DENR CAR, and CHED GIA, DARE TO Program. She finished her pos-doctorate degree at the University of Hawaii at Manoa, Honolulu, Hawaii, USA, PhD and MS in Biology at the University of the Philippines, Diliman, and BS Biology at the University of the Philippines College Baguio.

Dr. Zenaida Baoanan

Of Ngāti Porou and Ngāti Uepohatu Indigenous descent – Dr Shaun Awatere is a researcher with Aotearoa's Crown Research Institute - Manaaki Whenua Landcare Research and has actively supported Māori to manage collective assets more sustainably. He is currently engaged in research and policy to help prepare Māori tribal groups for climate change mitigation and adaptation planning. Shaun and a team of Nga Pae o Te Māramatanga (Aotearoa's Māori Centre of Research Excellence) researchers have recently summarised the latest research and guidance surrounding observed and projected climate change impacts on Māori in Aotearoa-New Zealand. This research examines the impact of these changes on various interests and investments. It also provides insights on risk, uncertainty, knowledge gaps, and strategies for addressing climate change.

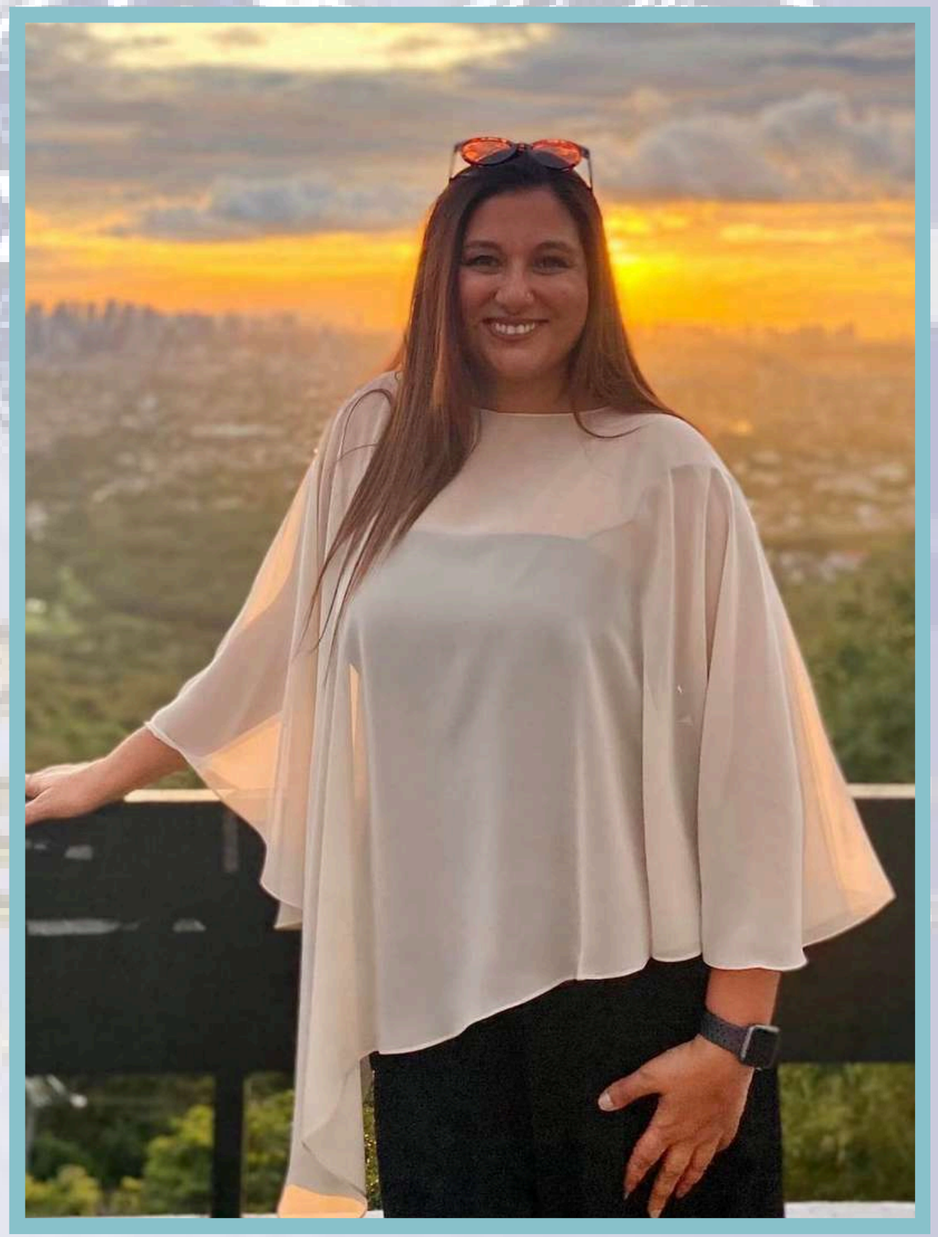

Dr. Shaun Awatere

She served as the Project Manager of the Biodiversity Finance Initiative (BIOFIN), a project of the United Nations Development Programme in partnership with the Department of Environment and Natural Resources, since 2014. As a licensed environmental planner, she holds a Master's Degree in Urban and Regional Planning from the University of the Philippines and a Bachelor's Degree in Environmental Planning from Maryknoll College (now Miriam College). Her extensive career encompasses a wide range of roles across government, the private sector, and academia, in addition to a long-standing association with the Haribon Foundation, where she formerly held the position of Chief Operating Officer.

Anabelle E. Plantilla

Dr Jamel Kaur Singh is a globally respected leader in Cultural Education and Indigenous collaboration with over 30 years of experience. Born in England to Malaysian-born Sikh parents, Dr Singh has lived in Australia for 45 years. Her academic journey reflects a lifelong commitment to Indigenous knowledge systems, including a BA in Aboriginal Administration Management and Community Engagement, which laid the foundation for her strong connections with First Nations communities across Australia and beyond. Her groundbreaking doctoral research—Cultural Education as a Framework for Policy Formation: Building Inclusive Societies with Sensitivities, Awareness, and Responsiveness—offers practical strategies for integrating cultural awareness into policies addressing domestic violence, workplace inequities, and community resilience. She has worked alongside First Nations communities to integrate traditional wisdom into innovative solutions for pressing global challenges. Her visits to the Philippines—three times in the past two years—reflect her commitment to cultural exchange and amplifying the voices of Indigenous leaders in shaping sustainable futures. As the founder of Consultsingh Pty Ltd, she has dedicated her career to bridging cultural understanding and creating transformative solutions for societal and global challenges. Dr. Singh is the author of The World is Our Playground, a celebrated children's book series introducing young readers to multiculturalism.

Dr. Jamel Kaur Singh

REGISTRATION

Registration for the first day commenced at 7:30-8:00 a.m., spearheaded by the School of Health and Natural Sciences faculty and staff.

PARTICIPANTS

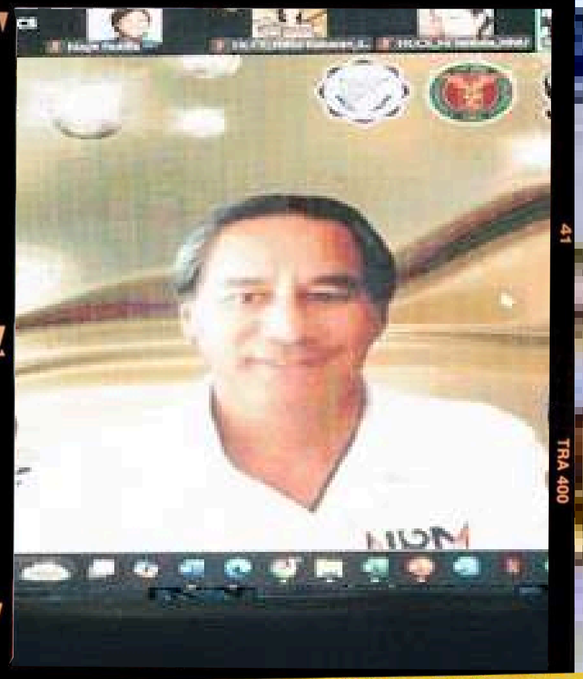

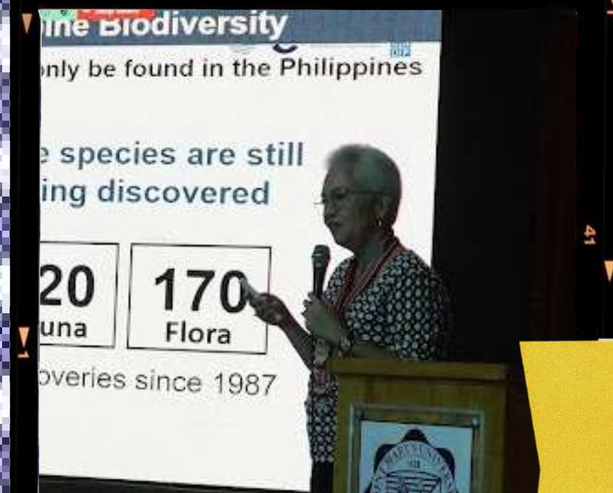

Participants convened at the Sacred Heart Center for the opening of a three-day international conference.

First Day Speakers

Paper Presentations

Participants were divided into groups based on the topics for their paper presentations. One group of presenters stayed at the Sacred Heart Center, while the other participants moved to San Pedro Calungsod Hall.

Sacred Heart Center

Cultural Night
February 26, 2025
Spearheaded by the Cultural Affairs Office, the SMU Band, Chorale, BIBAK, and Senior High School dancers graced the socialization night with cultural performances.

Day

February 27,
2025

Arvin C. Diesmos is a herpetologist and has co-authored over 180 scientific papers and is the co-discoverer of around 80 species of frogs, lizards, snakes, insect arthropods, and a bird species from Southeast Asia. He received his Ph.D. in Biology from the National University of Singapore. He is an Alternate Member of the Animals Committee of the Convention on International Trade in Endangered Species of Flora and Fauna, a member of the Amphibian Specialist Group, Tortoise and Turtles Specialist Group, Crocodile Specialist Group, and the Amphibian Red List Authority of the International Union for the Conservation of Nature. He is a Senior Director at the ASEAN Center for Biodiversity.

Dr. Arvin C. Diesmos

Pasang Dolma Sherpa, Executive Director of Center for Indigenous Peoples' Research & Development (CIPRED) has been working with Indigenous Peoples, Women and Local Communities for the recognition of the indigenous peoples’ knowledge, cultural values and customary institutions that contributed for sustainable management of forest, ecosystem, biodiversity and climate resilience for more than a decade. Ms. Sherpa has obtained her PhD at Kathmandu University in 2018 on Climate Change Education and its Interfaces with Indigenous Knowledge. She has already served as Co-Chair of International Indigenous Peoples’ Forum on Climate Change (IIPFCC), Co-Chair of Facilitative Working Group (FWG) of Local Communities and Indigenous Peoples’ Platform (LCIP) of the United Nations Framework Convention on Climate Change (UNFCCC), to the board of UN-REDD, Participant Committee of FCPF, World Bank. Presently, she is the Chair of IUCN CEESP Specialist Group on Indigenous Peoples' Customary and Environmental Laws and Human Rights (SPICEH), visiting faculty at Kathmandu University as well as representing in the different forums, networks and institutions both at national and international levels.

Pasang Dolma Sherpa

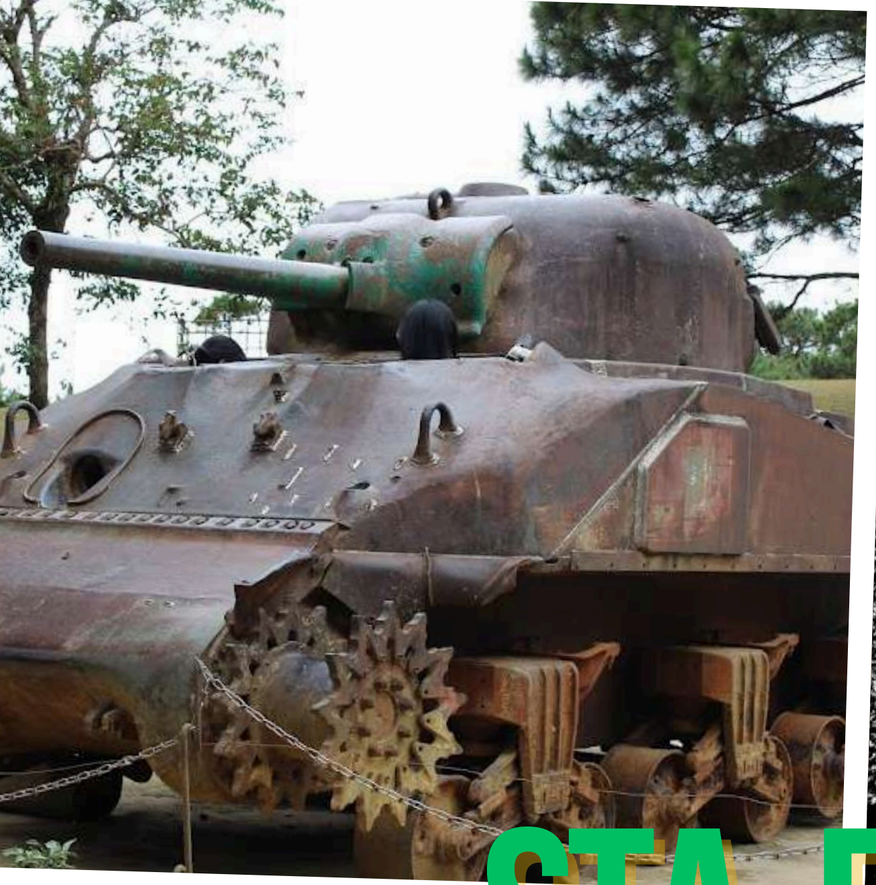

Forester Roger Haboc has been specializing in forestland management and vegetation assessments. He was affiliated with DENR-Forest Management Bureau, and consultant for vegetation assessment in Zambales, Cebu, Lanao del Norte, Davae del Sur, Bukidnon and Rizal, Philippines. Currently, he is an Environmental Management Specialist at the Provincial Environment and Natural Resources Office of the Local Government of Nueva Vizcaya, and is designated as Officer-in-Charge of the Forest Conservation and Development Division. He finished his bachelor's degree in Forestry (Cum laude) and has obtained academic units in MS Forestry at the Nueva Vizcaya State University, Bayombong. He was National Topnotcher (Top 8) during the July 2013 Forester Licensure Examination.

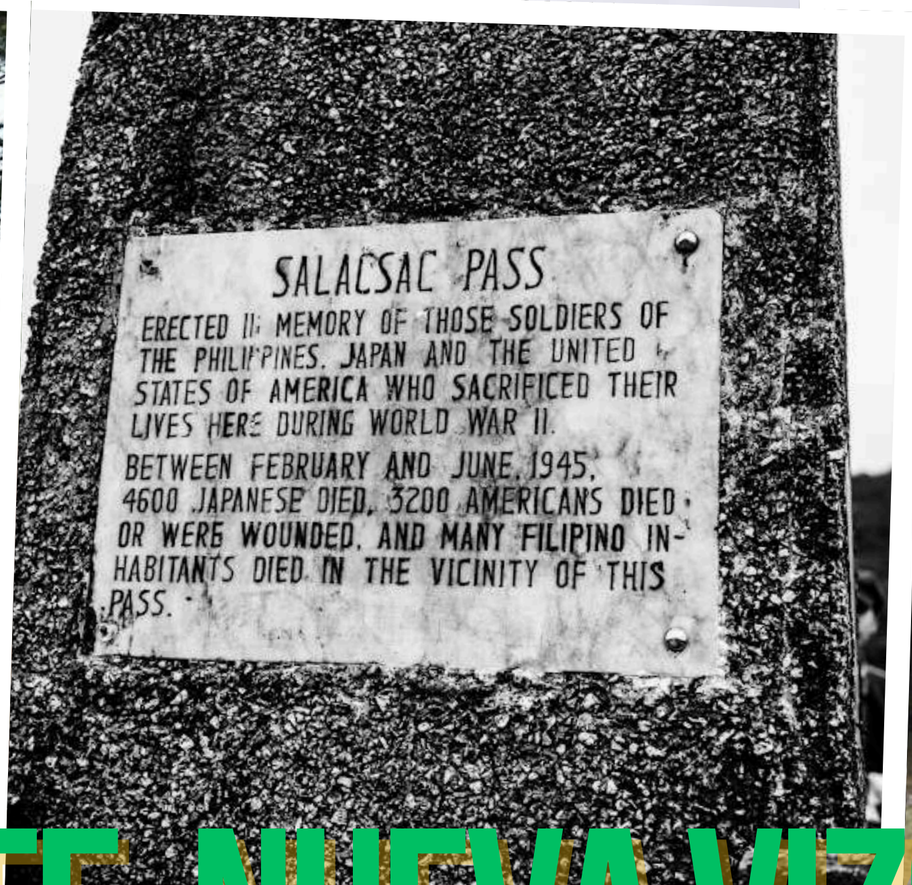

Forester Roger Haboc

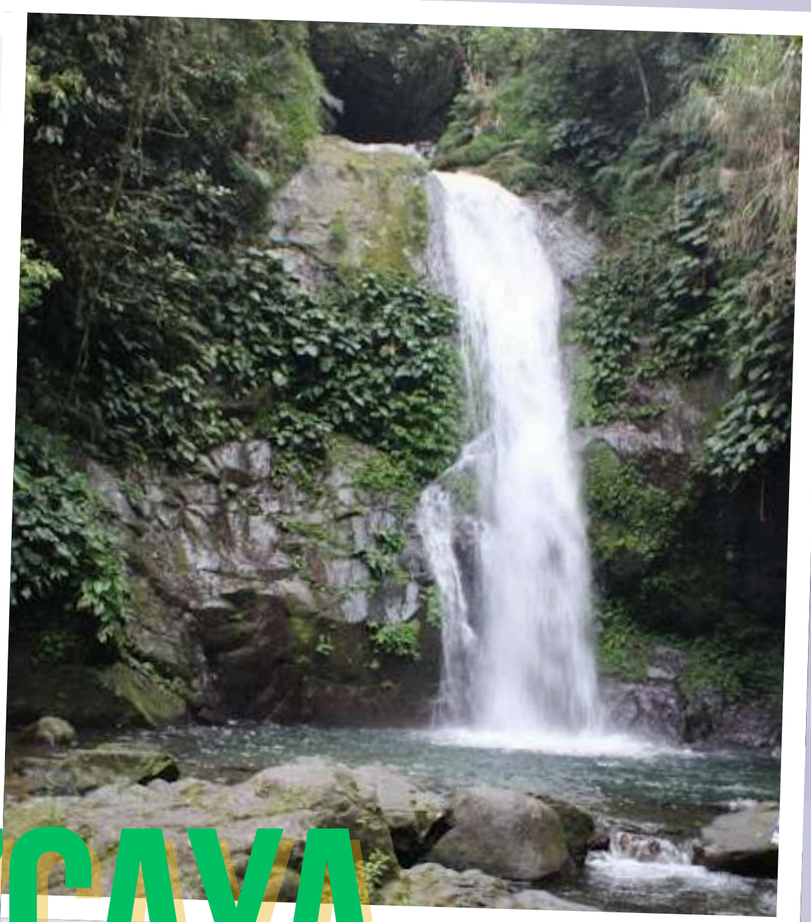

Forester Asami is an Indigenous leader with five years of professional experience as a forester. She has contextualized training modules and materials, facilitated training and meetings, and developed a sensitivity and respect for local culture. She has been a founding member and interim Focal point for Asia for the International Indigenous Youth Forum on Climate Change under the UN Framework Convention on Climate Change and founder of Ikalahan Youth Organization for Sustainable Development focused on cultural continuity and sustainable development. She has represented the Philippines in international conventions on climate change and other UN-organized conventions and forums. She obtained her Master of Arts in Ministry at the Philippines Baptist Theological Seminary in 2022, with academic units in Master of Science in Conservation and Restoration Ecology at the University of the Philippines Baguio and BS in Forestry with specialization in Social Forestry in 2024.

Forester Asami B. Segundo

STA. FE, NUEVA VIZCAYA

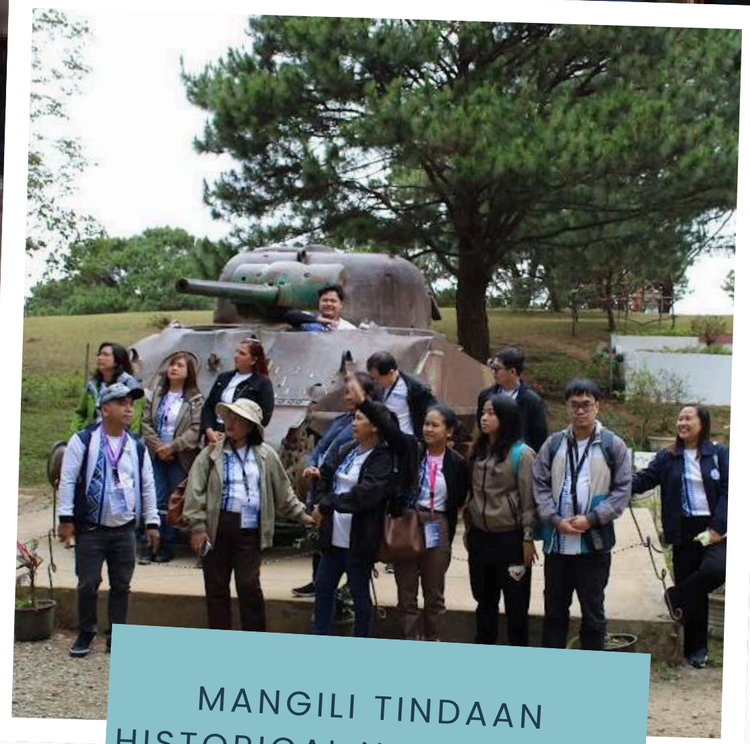

On the second day, the participants embarked on an excursion to explore one of the biodiversity sites in the province of Nueva Vizcaya, Philippines. The itinerary includes several notable sites: the Mangili Tindaan Historical Nature Park, Salacsac Pass Monument, and Imugan Falls in Sta. Fe, Nueva Vizcaya, which are all within the Ikalahan Ancestral Domain.

ENVIRONMENTAL-CULTURAL ENCOUNTER

IMUGAN FALLS

MANGILI TINDAAN
HISTORICAL NATURE PARK

ALANG SALACSAC

The cultural-environmental immersion cocluded with a warm reception from the Kalanguya-Ikalahan community at the Kalahan Academy, with a night filled with cultural experiences including traditional songs, dances, and delicacies.

KALANGUYA-IKALAHAN COMMUNITY

The community dance event provided an exciting opportunity for participants to engage with and appreciate the rich culture of the Kalanguya-Ikalahan community. It was a night filled with learning, connection, and celebration of traditions.

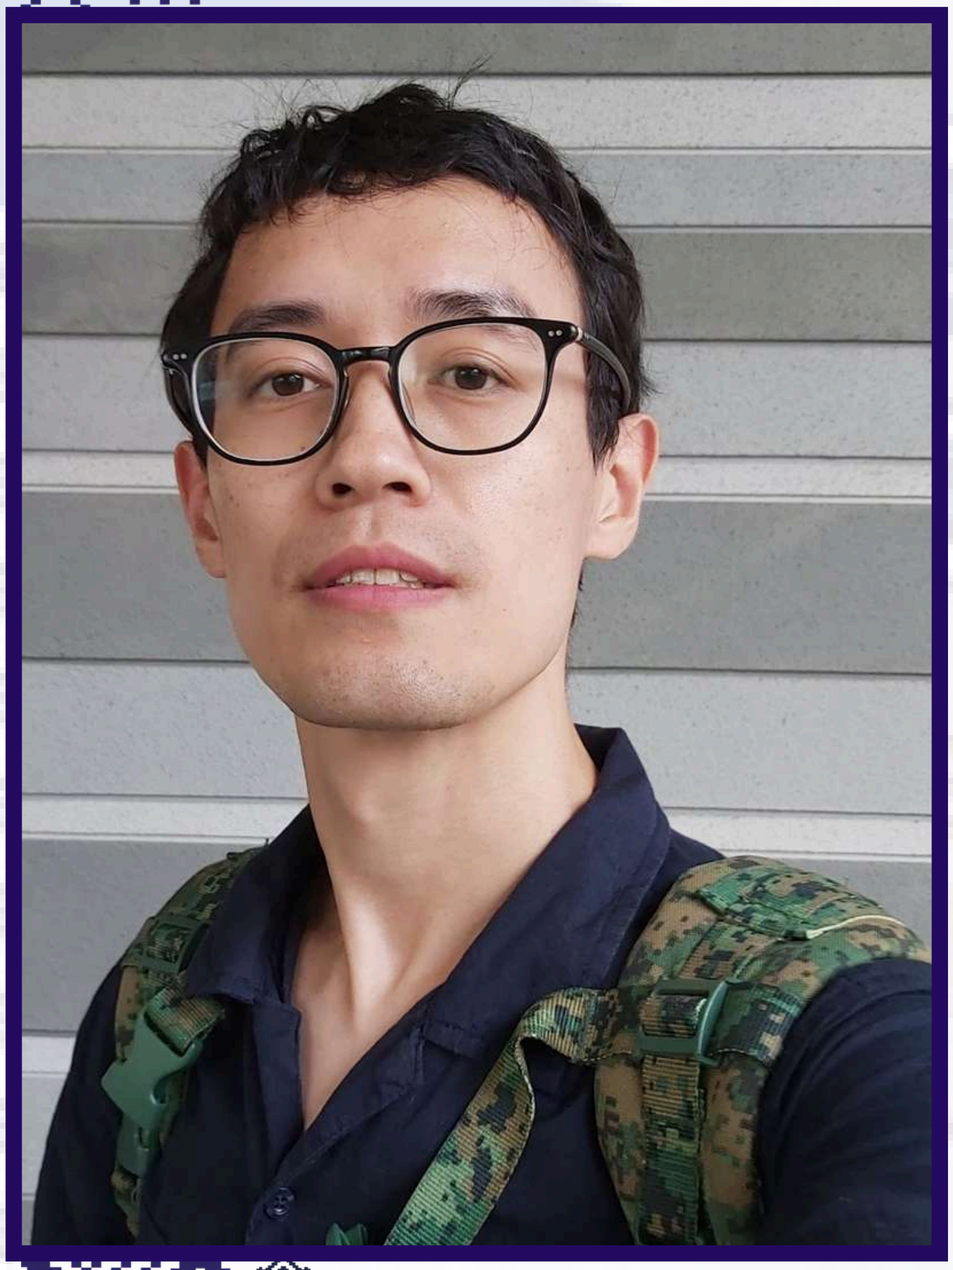

Day

February 28, 2025

Dr. Ming Kai Tan is an Associate Scientific Manager and Curator of Etomology at the Lee Kong Chian Natural History Museum, National University of Singapore. He was a visiting researcher and a Fyssen Foundation Postdoctoral Fellow at the Institut de Systematique, Evolution et Biodiversite (ISYEB) Museum national d'Histoire Naturelle in Paris, France. He has been into numerous research expeditions in Malaysia, Thailand, Brunei, Vietnam and the Philippines. Since 2010, he has published over 100 peer-reviewed papers and four eBooks. He has been a reviewer in more than 20 international science journals, specifically on Taxonomy and Ecology. Dr. Tan also received awards like the Best Biodiversity Research Award in Sabah, Tony Whitten Conservation Prize, International Society for Plant Molecular Biology Medal and the Malayan Nature Society Silver Medal. He finished his BS in Life Science with specialization in Environmental Biology and his Doctor of Philosophy at the National University of Singapore

Dr. Ming Kai Tan

The final day involved a discussion on strategies to combat biodiversity loss and the planning of a collaborative initiative on the BaNTAY-Kalanguya-Ikalahan project.

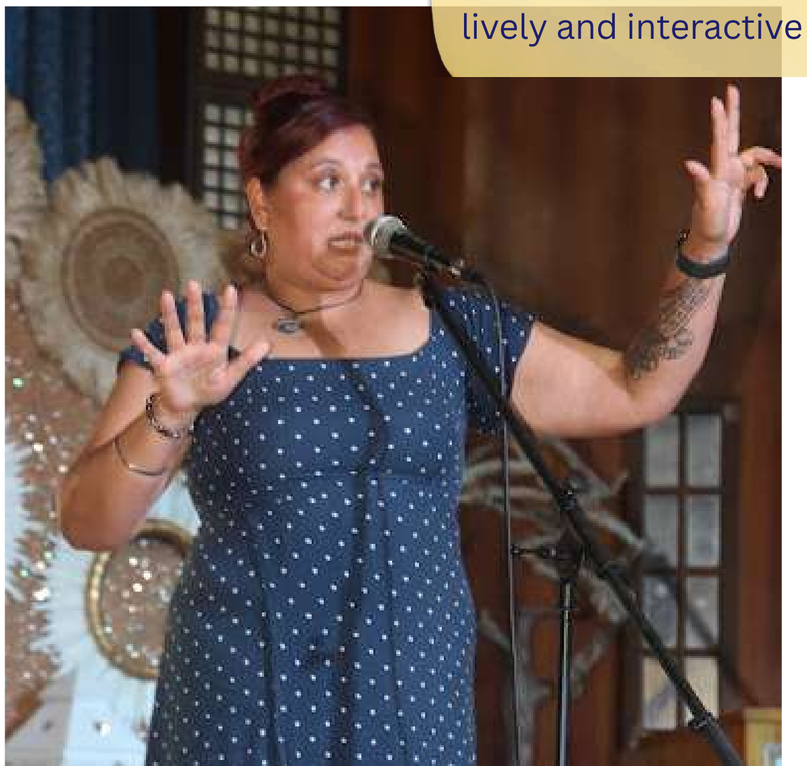

Dr. Jamel Kaur Singh led a fun session teaching traditional Indian dance steps to the participants. This activity served as both an icebreaker and a way to share her culture through dance after a discussion with stakeholders. It was a great opportunity for everyone to engage and learn about Indian traditions in a lively and interactive way.

FICCS

4th INTERNATIONAL CONFERENCE ON CULTURAL STUDIES

"From Tradition to Innovation:
Indigenous Solutions for Global Challenges"

COMMITTEES

GENERAL CHAIRS

Christopher Allen S. Marquez, Saint Mary's University
Sheryl Yap, University of the Philippines Los Baños
Bino Calderon, WWF-Philippines

STEERING COMMITTEE
Chair: Joman J. Bahtiar
Co-Chair: Leila A. Navarro
Members: Sherylou A. Bersaluna
Melchora M. Bautista
Maria Shiela M. Ramos

PEER REVIEW AND PROCEEDINGS COMMITTEE
Chair: Sheryl A. Yap
Co-Chair: Elsa L. Cajucom
Members: Jason L. Mastang
UPLB

WORKSHOP COMMITTEE
Chair: Dr. Ming Kai Tan
Co-Chair: Dr. Philip Alviola
Members: WWF
CKS

SPONSORSHIP COMMITTEE
Chair: Marie Grace C. Saldangat
Co-Chair: Ma. Julieta S. Bautista
Members: Alexa Las-ang

PUBLICITY COMMITTEE
Chair: Clara M. Gonzales
Co-Chair: Rogelio Andrada II
Members: Mark Noren U. De Vera
WWF

WEBSITE COMMITTEE
Chair: Essel T. Cañaberal
Co-Chair: Antonio Q. Sugay
Members: CICT

LOGISTICS COMMITTEE
Chair: Laurice Kaye P. Lagunday
Co-Chair: Ma. Myrtle Ellah R. Vaquilar
Members: Martin Gabriel T. Manuel
Andrei Birco

PROGRAM/SECRETARIAT COMMITTEE
Chair: Heidee L. Lamoste
Co-Chair: Kathleen Dizon
Members: Genaine Joi Ahuasan

PRODUCTION COMMITTEE
Chair: Kerwin N. Bayot
Co-Chair: Mark Oliver A. Ilagan
Members: PDPO

CULTURE AND ARTS COMMITTEE
Chair: Sherween Jerry Paul V. Sagun
Members: Kenneth L. Maslang
Benyamin Messiaenweng
Ronda L. Navalta
Kristabelle Geny D. Gonzales

PUBLICATION COMMITTEE
Chair: Darwin Don M. Dacles
Members: Elsa Cajucom
Cathelyn Mariano
Kerwen Bayot
Christopher Allen Marquez

FOURTH INTERNATIONAL CONFERENCE ON CULTURAL STUDIES

HALAMMAT!
Thank You!

ACKNOWLEDGEMENT

Saint Mary’s University thanks everyone who contributed to the success of the Fourth International Conference on Cultural Studies (FICCS 2025) held from February 26 to 28, 2025. The event featured speakers and participants from the Philippines, Indonesia, Singapore, New Zealand, Canada, Australia, and Nepal, focusing on indigenous solutions to global challenges. We appreciate our partners—UPLB, WWF-Philippines, and the ASEAN Center for Biodiversity—as well as our co-conveners—SLU Baguio, Holy Name University, SLC La Union, and USLT—for their support. We also thank all our sponsors, scholars, students, and guests for enriching the discussions on culture, biodiversity conservation, and indigenous practices. Together, we honor cultural heritage and seek sustainable solutions for the future.
