EMPLOYEE RECOLLECTION A.Y. 2024 -2025 NARRATIVE REPORT

SDG: 3: Good Health and well-being, 10: Reduced Inequalities, 16: Peace, Justice and Strong Institutions

Title of Activity: Employee Recollection A.Y. 2024 -2025

Date/Time: May 8, 2025 (Thursday) at 7:30 AM and 1:00 PM

Venue: The Sacred Heart Center

Organizers: Campus Ministry Office and Human Resources & Development Office

Objectives: To reframe physical wellness and campus activities as a holy, integral expression of God's gifts of life and health.

To strengthen university camaraderie and teamwork by drawing parallels between the journey of faith and running an academic race together.

To inspire employees to anchor their professional service in Christ, the Living Bread, as the true source of endurance and spiritual vitality.

Participants: All University Employees

A. Highlights of the Activity

On May 8, 2025, the Sacred Heart Center hosted the Employees' Annual Recollection 2025, co-organized by the Campus Ministry Office and the Human Resources & Development Office. Designed to provide all university employees a spiritual pause from academic duties, the event was divided into two sessions: the Green and Blue Teams in the morning (7:30 AM – 12:00 PM) and the Red and Yellow Teams in the afternoon (1:00 PM – 5:00 PM).

The recollection was facilitated by Rev. Fr. Marcial "Marcs" Lloyd Cariño Castañeda, a servant-leader priest dedicated to social justice, peace, and the arts. During the activity, Fr. Marcs prompted employees to draw their life timelines from birth to death, sparking deep, personal reflections:

The Greatest Challenge: Finding a sustainable balance between heavy professional responsibilities, personal growth, and service to others.
The Greatest Success: Shifting focus away from titles to celebrate the fulfillment of molding students into compassionate, competent professionals.

Finding God: Recognizing that God stands at the center of their lives—serving as a source of gratitude in joy and foundational strength during workplace stress.

Fr. Marcs then celebrated the Holy Mass and delivered a powerful homily titled, "Running the Race Together – Nourished for the Journey." Aligning with the university's *Integral Growth and Lifestyle Advocacy Wellness Program*, he reframed physical fitness and campus camaraderie as holy expressions of faith rather than just a corporate break. Drawing from scripture, he emphasized that employees must drop professional hierarchies to mentor and support one another on their daily "academic desert roads." Finally, he pointed to Christ as the Living Bread, urging the community to draw supernatural stamina from the Eucharist to sustain their patience, kindness, and professional excellence.

Date/Time: May 9-10, 2025

Venue: Saint Mary's University

Organizers: HRDO

Objectives:

1. Provide employees with an opportunity for spiritual reflection and personal renewal, fostering a deeper sense of purpose.

Participants: 496 Employees of Saint Mary's University

A. Highlights of the Activity

Saint Mary's University (SMU) successfully concluded its annual SMU Integral Growth and Lifestyle Advocacy (SIGLA) Wellness Program 2025 on May 10, at the Fr. Cornelius Tonus Gymnasium. The three-day event, held from May 8 to 10, was filled with fun and engaging activities designed to promote overall wellness in lifestyle and health. This event also aims to build camaraderie among university personnel.

In previous years where SIGLA activities were spread across the calendar, this year's program was planned into an intensive three-day activity to accommodate scheduling conflicts. According to SIGLA Committee Chairman, Ma'am Ruby Nuestro, this change allowed participants to immerse more deeply in the purpose of the program. And the University President, Dr. John Octavious S. Palina, praises the active participants who took a step further in exploring their capabilities.

Day 1: Sports Event

On May 9, it was the **official opening of the SIGLA Games** at the Four Pillars. The ceremony included the singing of the Pambansang Awit and SMU Hymn, lighting of the torches, an oath of sportsmanship, and SMU President Dr. John S. Palina formally declared the games open. After which the yell competition began, and was judged by the SIGLA Coordinators: Fr.

Alberto I. Tamisen, CICM, Sir Edwin Mania, Ma'am Ruby Nuestro, Sir Samuel Damayon and Pres. John Octavious S. Palina. More than just loud cheers, their performances reflected intelligence through well-composed chants — showcasing thoughtful writing and strategic messaging. The strong coordination and synergy among members also highlighted the value of teamwork.

Participants competed in various sports events including basketball, volleyball, badminton, table tennis, chess, and track events such as 50m and 100m sprints. The event provided a platform for healthy competition, teamwork, and physical wellness among faculty and staff.

Day 2: Cultural Event

The final day, May 10, opened with a Zumba session followed by championship matches in the morning. In the afternoon, the program shifted to cultural festivities at the Fr. Tonus Gymnasium. Performances featured vocal solos, duets, quartets, social and modern dances, and for the first time, a Battle of the Bands—an exciting new addition inspired by the University Week celebrations. To ensure fairness and introduce an element of surprise, the order of performances was determined through draw lots, adding to the excitement of the competition. Many have showcased their hidden talents and capabilities in order to catch the title "Champions."

The SIGLA Week concluded with an awarding ceremony recognizing the outstanding performances of the four competing teams. The Blue Team, led by Mrs. Venica Acosta, CPA, emerged as the overall champion. The Red Team, headed by Dr. Moises Alexander Asuncion, secured the first runner-up spot, followed by the Green Team under Fr. Philip Yu Jr. and the Yellow Team led by Dr. John Tayaban as second and third runners-up, respectively.

Overall, the SIGLA Wellness Program 2025 served as a vibrant reminder of SMU's commitment to nurturing a balanced, compassionate, and purpose-driven community.

The SIGLA 2025 seminar, with the theme "Marian Employees as Pilgrims of Hope through SIGLA Activities," was held at Saint Mary's University from May 8 to 10, 2025, and was attended by approximately 500 employees. As of May 20, 2025, a total of 214 evaluation forms were submitted, representing 42.97% of total participants.

The overall evaluation results indicate that the seminar was well-received, with an average rating of 3.81 for the attainment of the activity's objectives. Specifically, participants rated the activity

3.80 for providing opportunities for spiritual reflection and renewal, and 3.81 for promoting physical wellness, teamwork, and camaraderie through various events.

Among the three major activities, the sports events held on May 9 and the morning of May 10 received the lowest average score at 3.50. While the venue was rated decently at 3.67, and participant engagement at 3.53, time management (3.44) and food (3.34) were areas noted for improvement. This feedback highlights the need to enhance activity pacing and logistics for future sporting events.

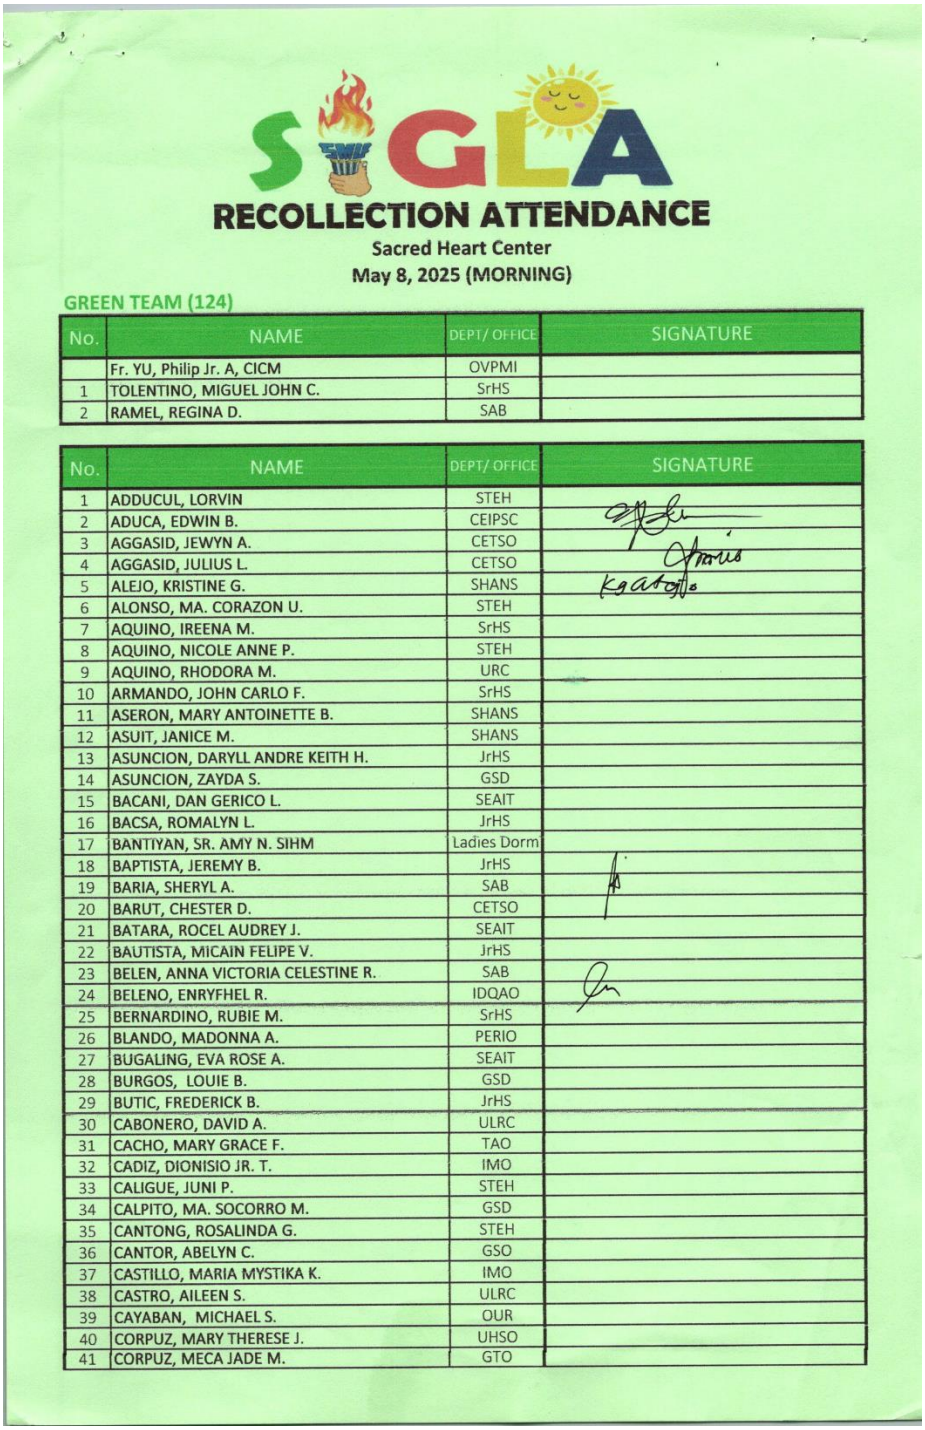

The cultural events, conducted on the afternoon of May 10, were evaluated more favorably, with an overall average of 3.63. Participants especially appreciated the venue conduciveness (3.79) and found the activities engaging (3.65). However, time management again received the lowest score in this segment at 3.42, suggesting possible issues with scheduling or program flow.

In terms of the relevance of the seminar topics, participants responded positively, giving an average rating of 3.87, indicating that the content was timely, meaningful, and resonated with the audience. The effectiveness of the speaker, Rev. Fr. Marcial Lloyd C. Castañeda, was one of the seminar's strongest points, with an impressive rating of 3.93. Most respondents marked him as "very effective," affirming his ability to engage and inspire the participants.

Overall, SIGLA 2025 successfully achieved its objectives and left a positive impression on its attendees. The recollection was seen as the most impactful component, setting a reflective and purposeful tone for the week. While sports and cultural events were engaging, the feedback suggests opportunities to improve in time management and logistical arrangements. Strengthening evaluation participation and feedback from all departments is also recommended to support more holistic planning and implementation for future SIGLA activities.

Participants: 496 Participants

A. Highlights of the Activity

The opening day of the SMU SIGLA Wellness Program 2025 began with a meaningful and spirit-filled recollection that grounded the community in reflection and purpose. Held on May 8, the day was led by the Campus Ministry under the guidance of Fr. Alberto I. Tamisen, CICM, and set a contemplative tone for the rest of the week.

The university invited **Rev. Fr. Marcial Lloyd C. Castañeda** as the recollection speaker — a passionate and multi-talented priest known for his unwavering advocacy for justice, peace, mental and spiritual wellness. Through his powerful message and creative use of music and storytelling, he inspired participants to embrace the theme **"Synodality in the Workplace: Spirituality of Work."** The sessions encouraged faculty and staff to reflect on their individual and shared roles in fulfilling SMU's mission through a lens of spiritual connectedness and service.

The **Green and Blue Teams** participated in the morning session at the Sacred Heart Center, followed by the **Red and Yellow Teams** in the afternoon. After each recollection session, a **Holy Mass** was celebrated — allowing participants to seal their reflections with prayer and the Eucharist, deepening the sense of renewal and unity. Meanwhile, teams not scheduled for the recollection used the time to prepare and rehearse for the upcoming sports and cultural competitions. Overall, Day 1 of SIGLA 2025 was a meaningful start to

the weeklong celebration — providing a sacred space to pause, reflect, and realign one's purpose with the mission of the university.

17	The recollection master is very talented! I enjoyed the activity!
18	I believe that the intention was good however, there are plenty of things that went south. the recollection turned out to be a one man show. it appeared to be "included out of compliance". A half day reco. Is not good at all. it reflects that spiritual activities such as this are seemingly not part of the priority of the school. Spiritual formation programs such as this needs careful planning. Consultation about what the employees spiritual needs could have been done for to be fruitful and meaningful. If the aim of SiGla is for the whole community to gather and share, it should begin with a well planned and well facilitated spiritual activity.

103	Recollection, in a spiritual context, emphasizes the importance of actively drawing the mind's attention to God's presence within us. It involves a conscious effort to remember and focus on God, seeking a deeper relationship with Him. This practice is crucial for spiritual growth, allowing individuals to connect with their faith and find meaning and purpose in their lives.

18	1. Ask the employees about their spiritual needs. Make an assessment and create a relevant theme. 2. Recollection must be one day at least, it must not turn into a "one man show".hence look for facilitators who know how to facilitate and process the experiences of the participants. 3. Place is an important aspect of the recollection..better bring the participants on another place. Somewhere where they can really relax. 4. There should be at least group activities and processing. This should take majority of the time during the reco. The role of the facilitator is to facilitate and process.

40	- Fairer distribution of participants considering those with athletic skills and related talents - Participants staying in the team patios or venues of events and not in their offices or faculty rooms
41	That a coordinator per school maybe established for faster coordination of activities. I've observed that ma'am regi was always looking for players in the different parlor games. It would be good if there's also an hour or two to meet together before the sigla days to determine players. Say, a Wednesday before the sigla proper.

	The organizers might want to review the point system. Say higher points to ball games
42	NATM

44	These activities should be sustained.
45	It would be wonderful to hold future recollections outdoors, integrating rest, recreation, and reflection in nature for a more refreshing and enriching experience.
46	Be more engaging

48	Can we have a one-day recollection?
49	One of the campus ministry members could have fetch Fr. Marcial from the house in the morning of the recollection and accompanied him to the Sacred Heart Center to ensure he would not be late.
50	None
51	May I suggest that the recollection be exclusive or should have separate day and place.I would be nice if we leave our comfort zone for reflection and be with the employees in some other place like pantabangan.

53	May I suggest the same Speaker next year.

67	Providing a theme can help the participants focus their attention. A day could have facilitated the processing and deeper appreciation of our activity. A different venue can make the participants renew themselves better.

110	Separating Recollection from the 3-day SIGLA would make it more fun and focused.
111	Given the number of participants, particularly in the afternoon, it would be more efficient to combine them into a single large session. This will enable the speaker to address everyone at once, ensuring consistency and maximizing the impact of the message. As for the food, it is recommended to select options that are less prone to spoilage to ensure safety and quality throughout the event.
112	Next time, maybe like this again.
113	I suggest that the recollection be done by department. This could serve as an opportunity for everyone to get to know each other better and to strengthen the bond within the department. I also hope that there will be a sharing and processing session for each group.

RE : **ISO-EOMS CERTIFICATION AUDIT AND PHILHEALTH KONSULTA**

---

1. **EOMS**

In line with our continual quality improvement process, the university will be evaluated for compliance to the standards of the **Educational Organization Management System (EOMS) (ISO-21001:2018) on May 20, 2025 (Tuesday)**. This international standard provides a framework for educational organizations to implement and maintain a quality management system that meets the needs of learners and other stakeholders. The third-party auditor is **Setsco**, a Singaporean certification company.

The auditors will randomly visit offices, classrooms and laboratories to check on documents, observe procedures, interview administrators, faculty, staff and students to determine if we deliver quality education.

The employee attire is the Tuesday uniform including basic education faculty members who are expected to be in their work areas in case they will be visited or interviewed by the assessors. Basic education teachers' attendance in this institutional activity will be monitored through biometric device for time-in and time-out.

2. **PhilHealth Konsulta Benefit Package**

The PhilHealth Solano branch will conduct a dissemination session regarding the new PhilHealth Konsulta package, a primary care benefit program that offers Filipinos access to a defined set of primary care health services such as diagnostic tests, laboratory tests and medicines. This will be held at the Sacred Heart Center on Thursday, May 22, 2025, (9:00AM to 11:00AM). Administrators, non-academic personnel and faculty members without classes are expected to attend to be informed of how the benefits can be availed.

NARRATIVE REPORT

SDG: #3, #4, #10, #11, and #13

Title of Activity: Action for Inclusive Education: Psychological First Aid Seminar-Workshop

Date/Time: June 5, 2025, 1:30 PM – 5:00 PM

Venue: Paascu Room, H Building

Organizers: Saint Mary's University Senior High School Department

Objectives: 1. To equip participants with foundational knowledge and practical skills in Psychological first Aid (PFA) to effectively support individuals experiencing stress, trauma, or crisis, by promoting safety, calmness, self-efficacy, connectedness, and hope in various emergency and non-emergency settings.

Beneficiaries (if any): N/A

Participants: SMU SHS Faculty

A. Highlights of the Activity:

On June 5, 2025, the **Senior High School Department of Saint Mary's University** conducted an initiative titled Action for Inclusive Education. As part of their commitment to professional development, the department organized capacity-building sessions aimed at equipping SHS faculty members with essential skills to better support their students.

One of the highlights of the afternoon session was a **Seminar-Workshop on Psychological First Aid (PFA)**. To facilitate this, the department invited the Guidance and Testing Office (GTO) to lead the session. In response, **Dr. Edwin Edilberto N. Mania, head of the GTO**, along with **two counselor-shepherds, Ms. Richelle D. Francisco and Ms. Meca Jade M. Corpuz**, served as co-facilitators for the seminar-workshop.

The session covered a series of discussions on Psychological First Aid, what it is, how and when to properly administer it, and to whom it should be given. A hands-on workshop followed, allowing the SHS faculty to engage in various activities and real-life scenarios where they could apply the concepts and techniques they had learned.

This activity was a significant component of the faculty's training. It aims to prepare teachers and staff to become Psychological First Aid Responders, capable of offering immediate psychological support during crises such as natural disasters, accidents, or other life-threatening events. With this training, SHS faculty are now more equipped to respond effectively, not only for their students but for anyone in need of compassionate, timely assistance.
